Chief Gold Commissioner
Department of Mines & Petroleum Resources
Parliament Buildings
Victoria, B.C.

Dear Sir:

Previous to this Geochemical Report on the Bill #1 to #6, inclusive, Claims situated in the McDame Area, Laird Mining Division, North-Central B.C., an Affidavit on Application for Certificate of Work was sworn at Kamloops and sent to you with a note "report to follow".

Upon completion of analysis and interpretations, this report I now submit.

A cheque for \$10.00 was mistakenly enclosed with Application For Certificate Of Work. Please find enclosed a cheque for \$50.00 to cover recording of assessment work.

Respectfully submitted,

VERSATILE MINING SERVICES LTD.

Terrence D. Marshall

ASSESSMENT REPORT**

NO. 2592 MAP

ABSTRACT

This report is designed to present information to the B. C. Government (Mining Division) for assessment work on the "Bill Claim Group" situated in the McDame Area, Laird M.D., North Central B. C., Latitude 59° N., Longitude 129° W., N. T. S. 104P (W 1/2). A geochemical soil sampling program was carried out by Versatile Mining Services Ltd., complete with results, interpretation and maps. The report mainly outlines location, access, geomorphology, soil sampling program, and interpretation.

DRESSER INDUSTRIES, INC.

GENERAL LOCATION MAP
BILL CLAIM GROUP, McDAME AREA
Liard M.D., Northern B.C.

Technical Work By: VERSATILE MINING SERVICES LTD

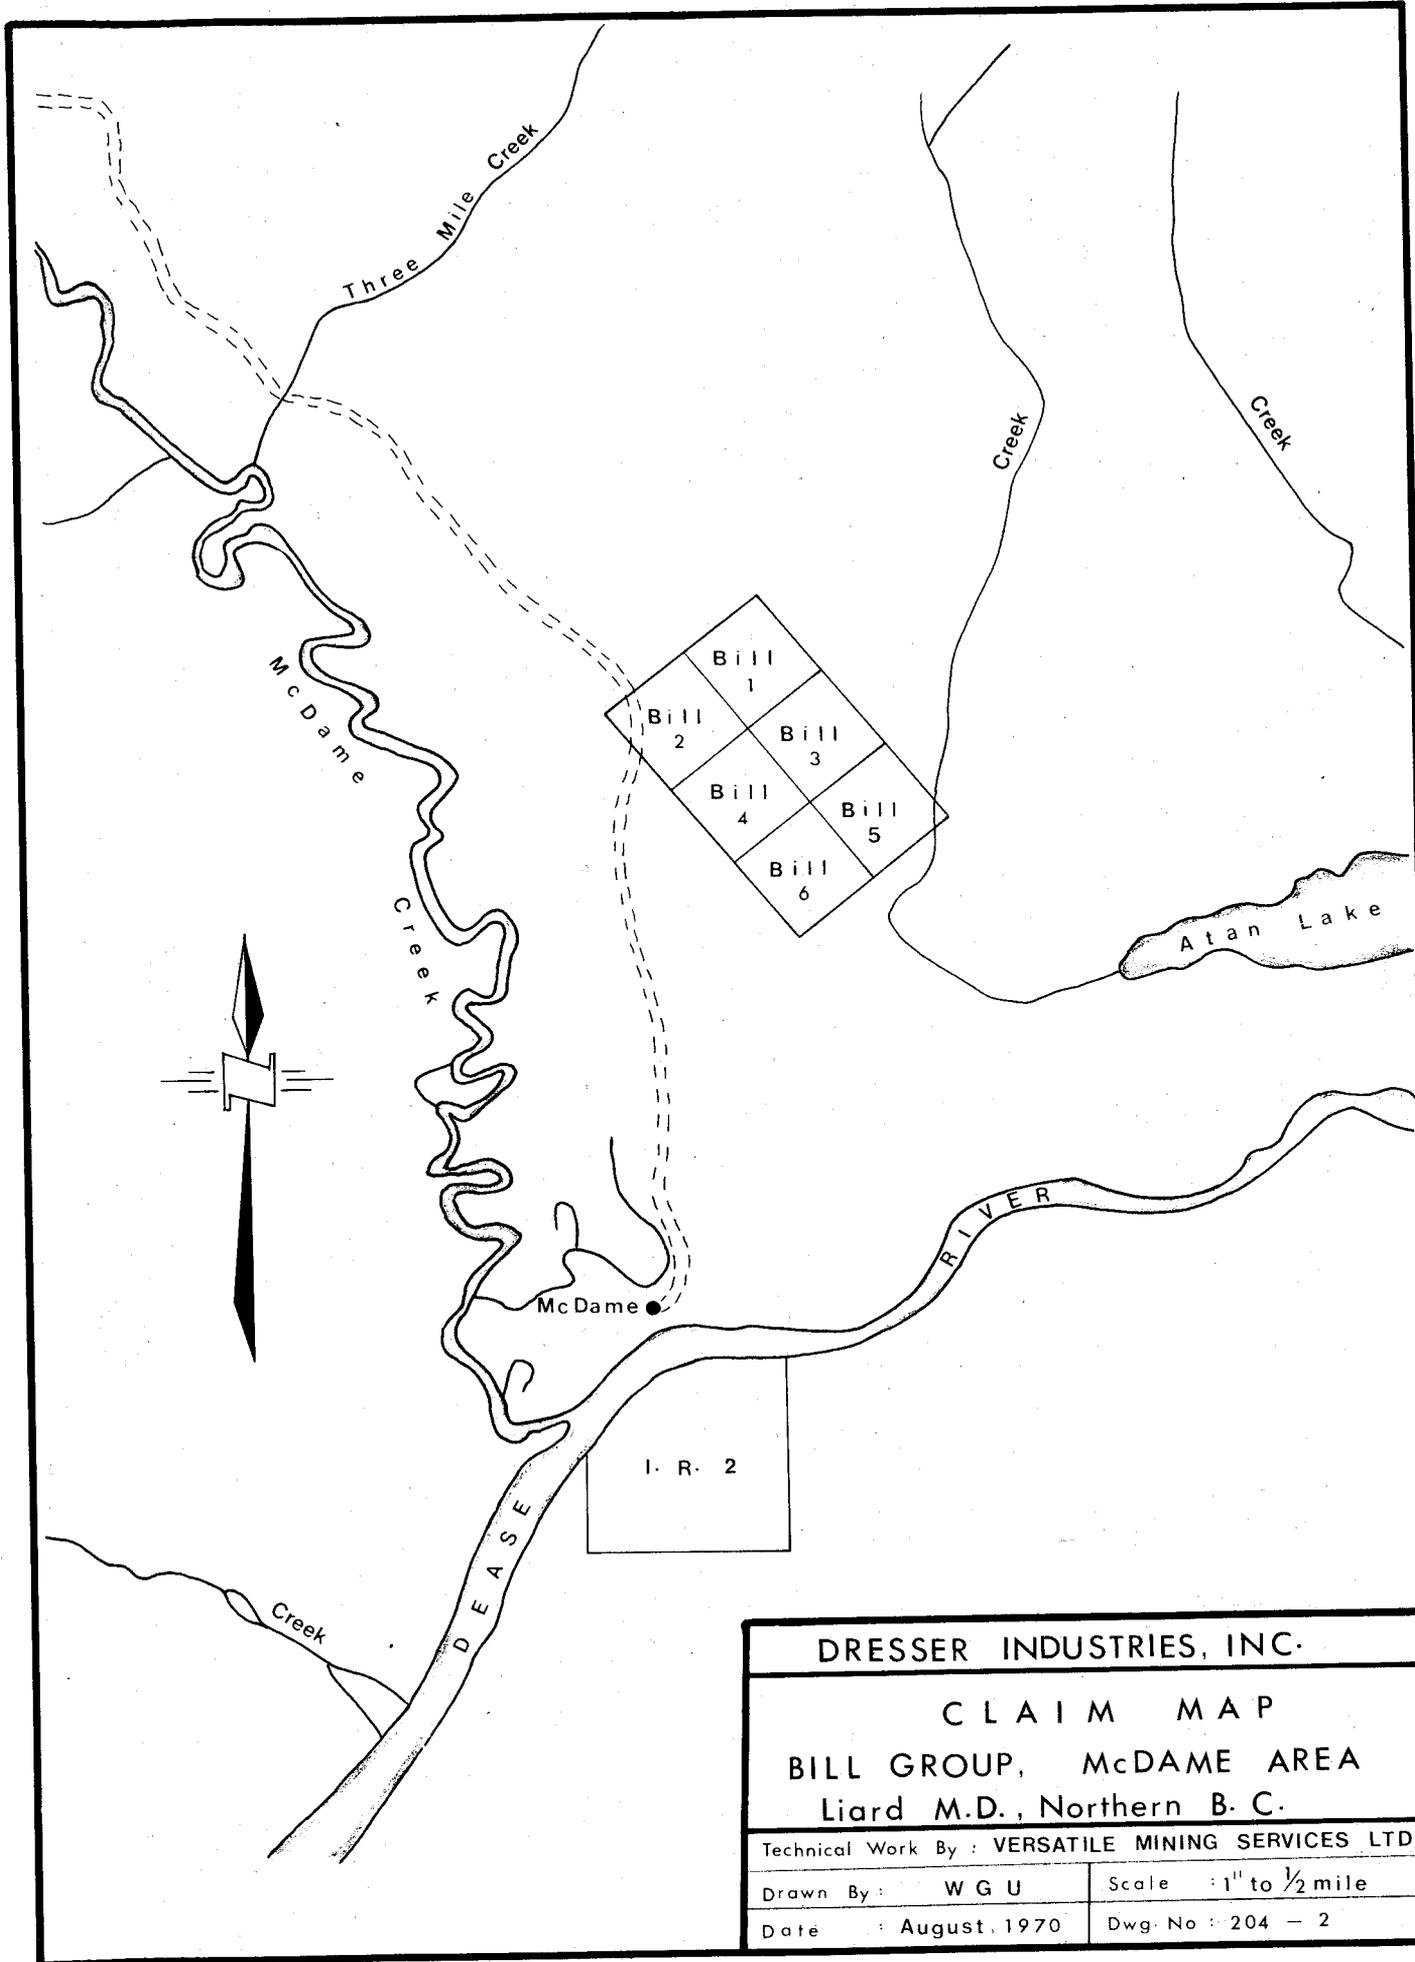

Drawn By: WGU Scale: 1" to 10 miles

Date: August, 1970 Dwg. No: 204 - 1

INTRODUCTORY NOTE

During August 8th and 9th, a two-man field crew, under supervision of a P. Eng., completed a geochemical soil sampling programme on the Bill #1 to #6 inclusive claims, McDame, B. C.

The claims are owned by Dresser Industries Inc., and field work was completed by Versatile Mining Services Ltd., under the supervision of Mr. J. Kerr, P. Eng. Data processing was conducted by the author and interpretation by J. Kerr. The following paragraphs describe the field procedures and discusses the results of the surveys.

CLAIM MAP	
BILL GROUP, McDAME AREA	
Liard M.D., Northern B. C.	
Technical Work By : VERSATILE MINING SERVICES LTD	
Drawn By : W G U	Scale : 1" to 1/2 mile
Date : August, 1970	Dwg. No : 204 - 2

LOCATION AND ACCESS

The Bill claim group is situated 1 1/4 miles north of the abandoned McDame Post (on the Dease River) in north central British Columbia. Normal access is from Mile Post 650 on the Alaska Highway (west of Watson Lake, Yukon), south on the Cassiar Mine Road to the junction of the Cassiar and McDame Post roads, thence south again to the claims. The road extends through the northwest corner of Bill #2 claim (see Location Map, Figure 1.).

CLAIMS AND OWNERSHIP

The Bill #1 to #6 claims, Liard M. D. are owned by Dresser Industries Inc., Suite 301, 415 - 3rd Street, Southwest, Calgary 1, Alberta.

CLAIM DATA

Claim Names

Bill #1 to #4 inclusive

Bill #5 to #6

Record Numbers

15148 to 15151 inclusive

18874 and 18875

PHYSIOLOGY : (The organic processes and phenomena of an organism !!!)

Mountains in the area are above 6,000' in elevation, Blackfox Mountain being the highest peak (7,022'), situated west of McDame. Glaciation has left a series of cirques on the north and northeast sides. Below 6,000', and on southern exposures, slopes are more gentle and rounded.

The vegetation of the area consists mainly of heavily wooded slopes of Poplar and Jack Pine, and Muskeg in various hollows to the valley floor.

The Bill group is situated near the 2,500' contour, on the southwest slope of an un-named mountain, to the north of Atan Lake.

Glacial overburden is generally thin.

GENERAL GEOLOGY

The Bill claims are situated in the ~~Striking~~ ^{Stikine} Range of the Cassiar Mountain series of British Columbia. The general area is underlain dominantly by upper Paleozoic to lower Mesozoic miogeosynclinal rock sequences which are highly folded and faulted. These rocks are intruded by small ultra basic plugs, and acetic intrusives. *who dat?*

PROGRAM

The basic program consisted of a geochemical soil survey along the claim line and crosslines at every 400'. These crosslines were extended 600' to the east, and 600' to the west of the claim line. Usually thirteen samples were taken (at 100' intervals) per line from LINE 0 (FINAL CLAIM POST BILL 5 & 6) to LINE 40 (north). (See figure 3, Base Map).

Soil horizon, type, texture, and colours were noted in the field.

Samples were then shipped to Barringer Research Ltd., 1198 West Pender Street, Vancouver, B. C. for analysis. Assay results are plotted on three maps. Copper (ppm), Lead (ppm), and Zinc (ppm).

RESULTS - GEOCHEMICAL SURVEY

Results are based on a method of estimating a provisional value for threshold from limited background data.

See Maps 204 - 3a, 3b, 3c, in cover envelope.

GEO-CHEM EVALUATION TABLE FOR
TOTAL COPPER

Metal Content (ppm)	Number of Observations	
5	32	Median or Mean
15	76	Background = 17 ppm
25	22	
35	3	
45	2	
<hr/>		
55	2	Threshold Value
65	0	(Exceeded by 2.5% of
75	1	total observations)

Total 139		= 55 ppm

2 values considered erratic, sample No.'s 84, 96.

GEO-CHEM EVALUATION TABLE FOR
TOTAL LEAD

Metal Content (ppm)	Number of Observations	
10	5	
20	88	Median or Mean Back- ground = 30 ppm
30	22	
40	5	
50	2	
60	3	
70	3	
80	2	
90	1	
100	1	
125	2	Threshold Value (exceeded by 2.5% of total useable observations) = 115 ppm
175	1	
Total 135		

6 Values considered erratic, sample No.'s 84, 85, 94 to 97 inclusive.

Median or Mean
Background = 155 ppm

Threshold Value
(exceeded by 2.5% of
total useable observations)
= 300 ppm

6 Values considered erratic, sample No.'s 83, 94 to 97 inclusive, and 115.

APPENDIX I

SUMMARY AND CONCLUSIONS

During August 8th to August 13th, 1970, a two man field crew completed a geochemical survey on the six contiguous Bill claims, Land M.D. The claims are located 1 1/4 miles north of McDame Post which is situated on the south shore of the Dease River, Northern B. C. Normal access is by road from Mile 650 on the Alaska Highway. The Bill claims are owned outright by Dresser Industries Inc., of Calgary, Alberta.

A total of 141 samples were collected and analyzed for copper, lead, and zinc. High values were obtained over known outcrops and therefore were considered erratic in the evaluation of the unknown ground.

APPENDIX II

PERSONNEL AND DATES WORKED

The following Personnel were employed on the Bill claims in August, 1970 Geo-chem survey.

<u>NAME</u>	<u>OCCUPATION</u>	<u>COMPANY</u>	<u>DATES</u>
T. Marshall	Technician	Versatile Mining Services Ltd.	Aug. 9 & 10
A. Smith	Geologist	Versatile Mining Services Ltd.	Aug. 9 & 10
J. Kerr	P. Eng.	Versatile Mining Services Ltd.	Aug. 21
T. Marshall	Drafting	Versatile Mining Services Ltd.	Aug. 11 & 12
W. Ulanday	Drafting	Versatile Mining Services Ltd.	Aug. 12 & 13

COST BREAKDOWN

The following costs were incurred during August, 1970,
Geo-chem Soil Sampling survey of the Bill claims.

WAGES:

A. Smith, Geologist	
2 days @ \$75.00/day	\$ 150.00
T. Marshall, Technician	
2 days @ \$75.00/day	150.00

SOIL ANALYSIS COST:

141 samples analyzed for Cu, Pb, & Zn.	308.00
--	--------

<u>COST OF REPORT:</u>	50.00
------------------------	-------

TOTAL:	\$ 658.00
--------	-----------

Assessment work to be applied to Bill #1 to #6 inclusive
for one year.

Refer to Certificate of Work.

CERTIFICATE OF QUALIFICATION

I, TERRENCE D. MARSHALL, of Box 609, Kamloops, B. C.
DO HEREBY CERTIFY THAT:

1. I am a practicing Geologic Technician and have been for the past two years.

2. I am a graduate from the Southern Alberta Institute of Technology, and also the Northern Alberta Institute of Technology, and have been granted Inter-Provincial Diplomas in Drafting Technology and Exploration Geology and have been practicing in the Exploration Field for four years.

3. I have no interest in Dresser Industries Inc., nor in the property held by them as per this report.

4. I am a member of The Alberta Society of Engineering Technologists, Geophysical Society of Edmonton, and a junior member of The Canadian Institute of Mining and Metallurgy.

5. This report is based on my personal experience on the property under supervision of J. Kerr, P. Eng., in August, 1970, and work conducted on behalf of Dresser Industries Inc.

Respectfully Submitted
