PROSPECTING REPORT OF L.E. PECKHAM

for the period March 12-1973
to September 30-1973 with
respect to claims refered to
on the first page of the
Affidavit attached hereto;

92I/2E

Established base camp in Merritt with a small trailer
parked in a Trailer Park at \$40.00 per month.

Distance to Telstar group of claims 20 miles

Made this round trip at least 60 times, also made
several trips from Merritt to Cache Creek a distance
of 70 miles.

Spent at least 60 days doing general prospecting,
sampling and searching for old posts and lines.

The British Columbia Department of Mines and Petroleum

Resources minerals test was not available for me to take.

I have prospected for 40 years and have taken several
prospecting courses and feel I am a qualified prospector.

PROSPECTING EXPENSE REPORT OF L.E. PECKHAM

for the period, March 12-1973
to September 30-1973 with
respect to claims referred to
on the first page of the
Affidavit attached hereto;

a) Trailer rent	\$ 160.00
b) Propane	12.00
c) Food	400.00
d) Hydro	10.00
e) Assays and Maps	118.00
f) Wages	1800.00
g) Travel	400.00
	<hr/>
	\$2900.00

PROSPECTING OBSERVATIONS

Re: Gold, Sunnyboy, Shannon
Spitfire Mineral Claims
Prospecting Report#5091

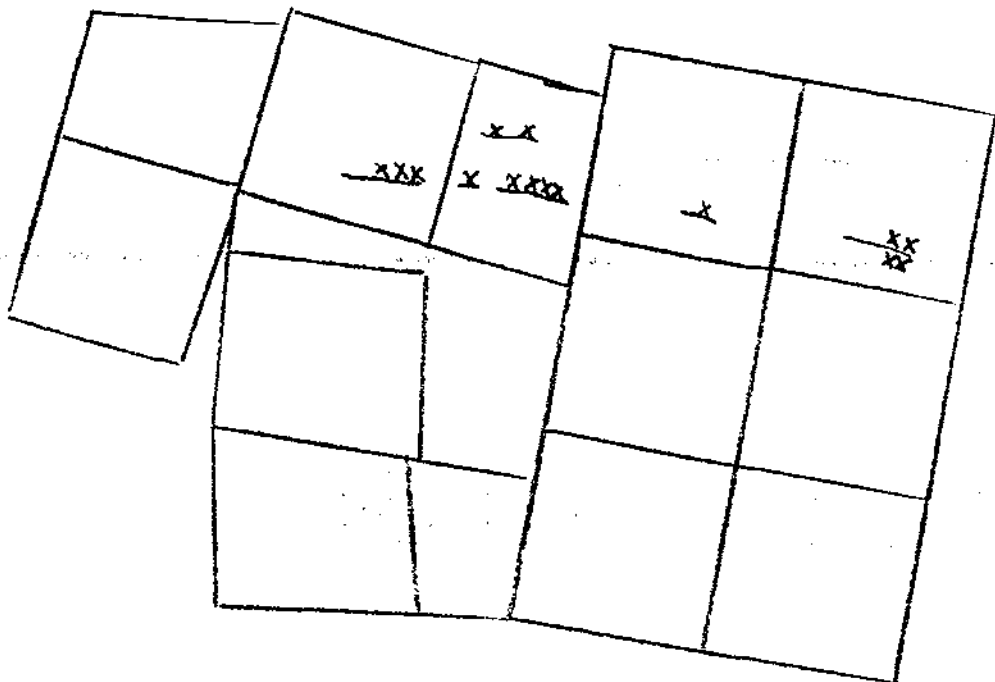

The following is a description of my observations made while prospecting the above listed mineral claims.

All the outcrops examined were comprised of volcanic rocks. No quartz veins worth sampling were noted except in the areas sampled. About seventy-five percent of the claim area is overburden and the north-western area was burned over thirty or forty years ago. In certain areas the second growth is quite heavy. Some sections of the veins are quite rusty and these gave the best values in gold. Also there was some copper mineralization.

L.E. Peckham
