SUMMARY OF GOAT CLAIM [TWO UNITS]

Situated approximately three miles west of the north end of Kinniskan Lake, on a short steep tributary of a creek running into Kinniskan Lake - two miles from the north end.

The claim group was originally staked by Spartan Explorations Limited, Vancouver, B. C. The geology of the property was done by Mitsue Mining Limited of Japan. No follow-up work was done on the property other than two short diamond drill holes by a packsack drill, very little core was recovered.

WORK REPORT GOAT CLAIM

July 9th - July 18th, 1976 - Inclusive

One small trench [10' x 3' x 3'] was dug in rock rubble to try and locate drill hole previously drilled on property. Cut two 50' samples across the area of mineralization. Prospected the area of the claims that were covered by brush and timber.
