INTRODUCTION:

During June / July 1976, work was done on VVB # 1 and VVB # 2 Mineral Claims located in the Woods Creek Area of the Highland Valley. There are a few outcrops on the claims, the principal objective of the work was to appraise the potential of the claims, by combined Geological, Geophysical and Geochemical Surveys. To accomplish the objective, it was decided to first establish a suitable grid.

LOCATION AND ACCESS:

The claims lie to the west of Woods C-reek, the geographical centre being approximately Lat. 50 35' N and Long. 121 9' W Access to the property from Ashcroft is by way of the Highland Valley Road for 18 miles then North by the Woods Creek Access Road for 3 miles

CLAIMS & OWNERSHIP:

Claim:	Tag no.	Record No.	Date.
VVB # 1	10658	144	November 20, 1975
VVB # 2	10659	164	December 16, 1975
VVB # 3	10660	448	July 15, 1976

Registered Owner of all claims is R.Vallabh.

The Claim Location Map accompanies this report.

WORK DONE DURING YEAR 1976:

Work was done from 14th. day of June 1976 to the 2nd. day of July 1976 and GRID established. Grid Map accompanies this report.

GRID SPECIFICATIONS:

Bids were invited to establish a suitable 3 feet wide Grid Line, suitable to carry Induced Polarization Survey Equipments.

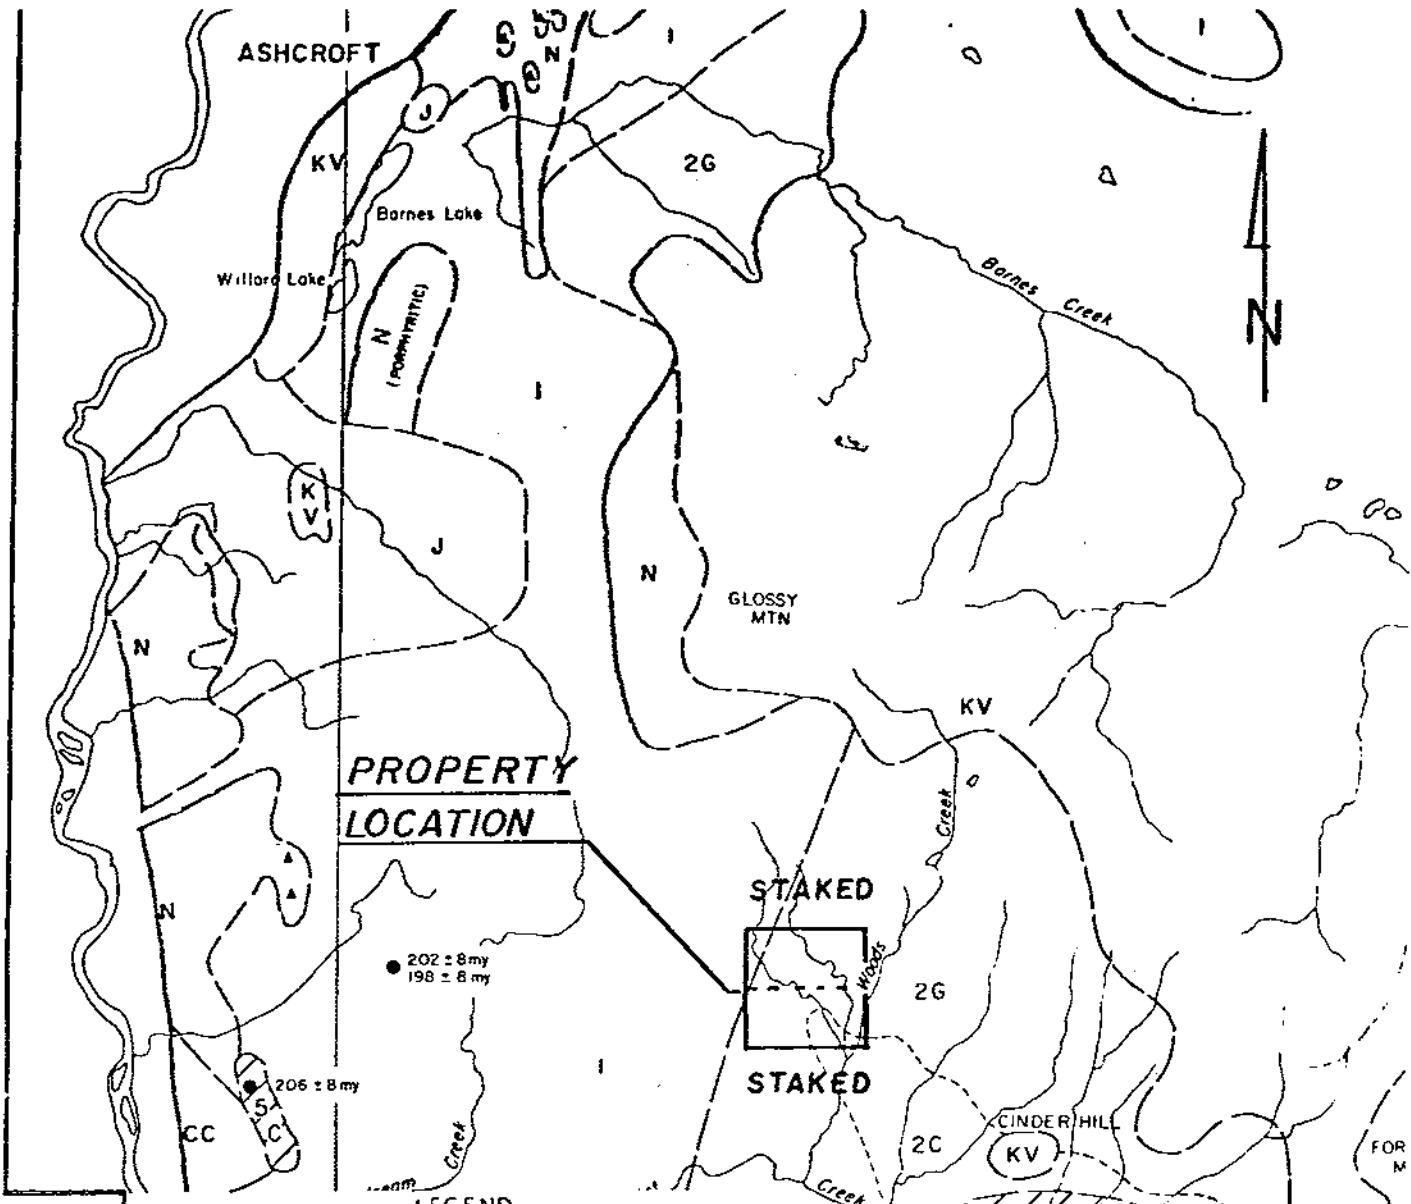

With the help of axes, compass, nylon chain, flagging, 3 feet wide grid was established. Work was stopped due to shortage of funds and after funds become available, the work will be continued and work programme completed.

GRID LINES:

A grid map has been prepared and forms a part of this report.

COSTS:

A statement of costs forms a part of this report. Please see table of contents.
