SUMMARY AND DISCUSSION

A total expenditure in excess of \$11,800.00 was incurred coring 568 feet of BQ diamond drill holes on the Soab Claim Group in a 22 day period between October 29, 1976 and November 19, 1976. The job was truck supported and drilling was carried out alongside an existing road with minimal disturbance of the terrain.

Some \$11,800.00 charged for the above work was available for assessment credit. The 187 metres of BQ core was distributed between 5 drill holes M-76-1 to M-76-5 inclusive and these holes were located approximately 800metres S20E from the NW corner of Munroe #1 mineral claim. All drilling was done within Unit 17 of Munroe #1 M.C. Core from holes M-76-3 to M-76-5 inclusive and core from the collar to 24 metre depth in hole M-76-1 was hauled to Vancouver and stored in Silver Standard Mines Ltd. warehouse at 833 Powell Street, Vancouver, B.C. The remainder of the core from M-76-1 and M-76-2 was left in core boxes stored east of the road near the collar of hole M-76-5.

Enclosed cost data includes one invoice from the contractor - Wink International Exploration Drilling Ltd., of 12511 No. 2 Road, Richmond, B.C., for \$9,716.96.

SUMMARY OF COSTS

Supervision - J.H. McAusland, P. Eng. 22 days @ \$100/day	\$ 2,200.00

QUALIFICATIONS OF AUTHOR

I, James H. McAusland, with business and residential address in Vancouver, B.C., do hereby certify that:

1. I am a mining engineer in the permanent employ of Silver Standard Mines Limited (N.P.L.), of 904-1199 West Hastings St., Vancouver, B.C. V6E 3T5.
2. I am a graduate of the University of British Columbia (Mining Engineering, 1962).
3. I am a registered Professional Engineer of the Province of British Columbia (Reg. No. 6636).
4. I have practiced and supervised in the field of Mining Engineering for the past fifteen years.
5. I have personally supervised the diamond drilling completed on the Soab Claim Group described in this report.

Respectfully submitted,

JAMES H. MCAUSLAND, P. Eng.

Mining Engineer
