PROSPECTING REPORT

TYPE OF PROSPECTING: Rock sampling, analyses and physical work needed  
(open-cuts, road improvement & under ground tunnel  
work)

Claim Involved: Tommy (Alberni Mining Division)  
50 km. south west of Port Alberni  
Lat. 49° 10' N., Long. 125° 24' W.

Operator: W. Ejtel

Supervision and  
Report by: W. Ejtel

Claim Held by: W. Ejtel

Dates Worked: September 18, 1980 to September 7, 1981 inclusive.

INTRODUCTION

From October 18, 1980 to September 7, 1981 prospecting work was carried out by W. Ejtel, owner of the Tommy Mineral Claim near Port Alberni, British Columbia.

<u>Claim Name</u>	<u>Record Number</u>	<u>Metal Tag Number</u>	<u>Expiry Date</u>
Tommy	1029	60975	18 Sept. 1981

The claim is located approximately 50 km. south west of Port Alberni and lies immediately east of Kennedy River approximately 5 miles north of the mouth of Kennedy Lake. The approximate location of the claim is shown in Figure 1. The property can be reached from Port Alberni by the Tofino Highway.

The purpose of rock sampling, mapping and assaying was to locate the quartz veins system in concurrence to length, width, and direction and to estimate surface tonnage for volume and value of gold and other metals.

CONCLUSION

ON THE TOMMY PROPERTY THERE ARE EXCELLENT SURFACE SHOWINGS THE QUARTZ VEINS CONTAIN SMALL AMOUNTS OF PYRITE, CALCOPYRITE AND ALL STRIKE IN A NORTH EASTERLY DIRECTION. THE QUARTZ VEINS SYSTEM IN ZONES A, B, C, D, AND E EXTEND IN A NORTH EASTERLY DIRECTION OVER APPROXIMATLY 1000 FEET AND WIDE APPROXIMETLY 60 FEET TO 300 FEET. THE QUARTZ VEINS AVERAGE IN SIZES FROM 1 INCH TO 5 INCHES WITH AVERAGE WIDTH BETWEEN VEINS BEING 1 FOOT TO 10 FEET. GOOD SHOWINGS WERE ALSO FOUND IN THE BARREN ROCK BETWEEN QUARTZ VEINS.

ALL SAMPLES TAKEN WERE QUARTZ EXCEPT WHERE OTHERWISE SPECEFIED ON DATA PAGES 1 TO 22

I, Waldo Ejtel of #808, 777 Cardero Street Vancouver, B.C.

My experience started with studying library books on mining, geologic and prospecting.

Three years ago I commenced field work staking and working on my placer leases.

In 1980 I discovered and staked the Tommy Mineral Claim (for which this prospecting report is being written) after a couple of months of work with encouraging results I asked the geologist from the Ministry of Mines in Victoria, Mr. Grove to visit my claim and advise me on future work. After his visit I started developing this claim on Mr. Grove's advice.

Occasionally I had a few different geologists and mining engineers visit the Tommy property and advised me further on developing this property.

A handwritten signature in black ink, consisting of several overlapping, fluid strokes that form a cursive name, likely 'Waldo Ejtel'.
