O R D I N A T E

CLAIM DESCRIPTION

The Silver Hawk Claim Group consists of two two post claims. These claims are grouped and recorded in the Kamloops Mining Division on claim map 82L#13E. The recording date of these claims is June 17, 1983 and the record numbers are 4514 and 4515.

LOCATION AND ACCESS

The Silver Hawk Claim Group is situated north of Big Shushwap Lake and east of Adams Lake on the Adams Plateau. Corning (Lee) Creek is about 6 Km. to the east.

The claim group is accessible by an excellent logging road about 16 Km. in a northerly direction from a paved highway on the north shore of Big Shushwap Lake.

GEOLOGY AND VEGETATION

The area of the Silver Hawk Claims is heavily overburdened with exposed rock contained to the road that cuts through the claim. Pyrite mineralization occurs in Chlorite Schist and in Quartz veins that contain Limonite.

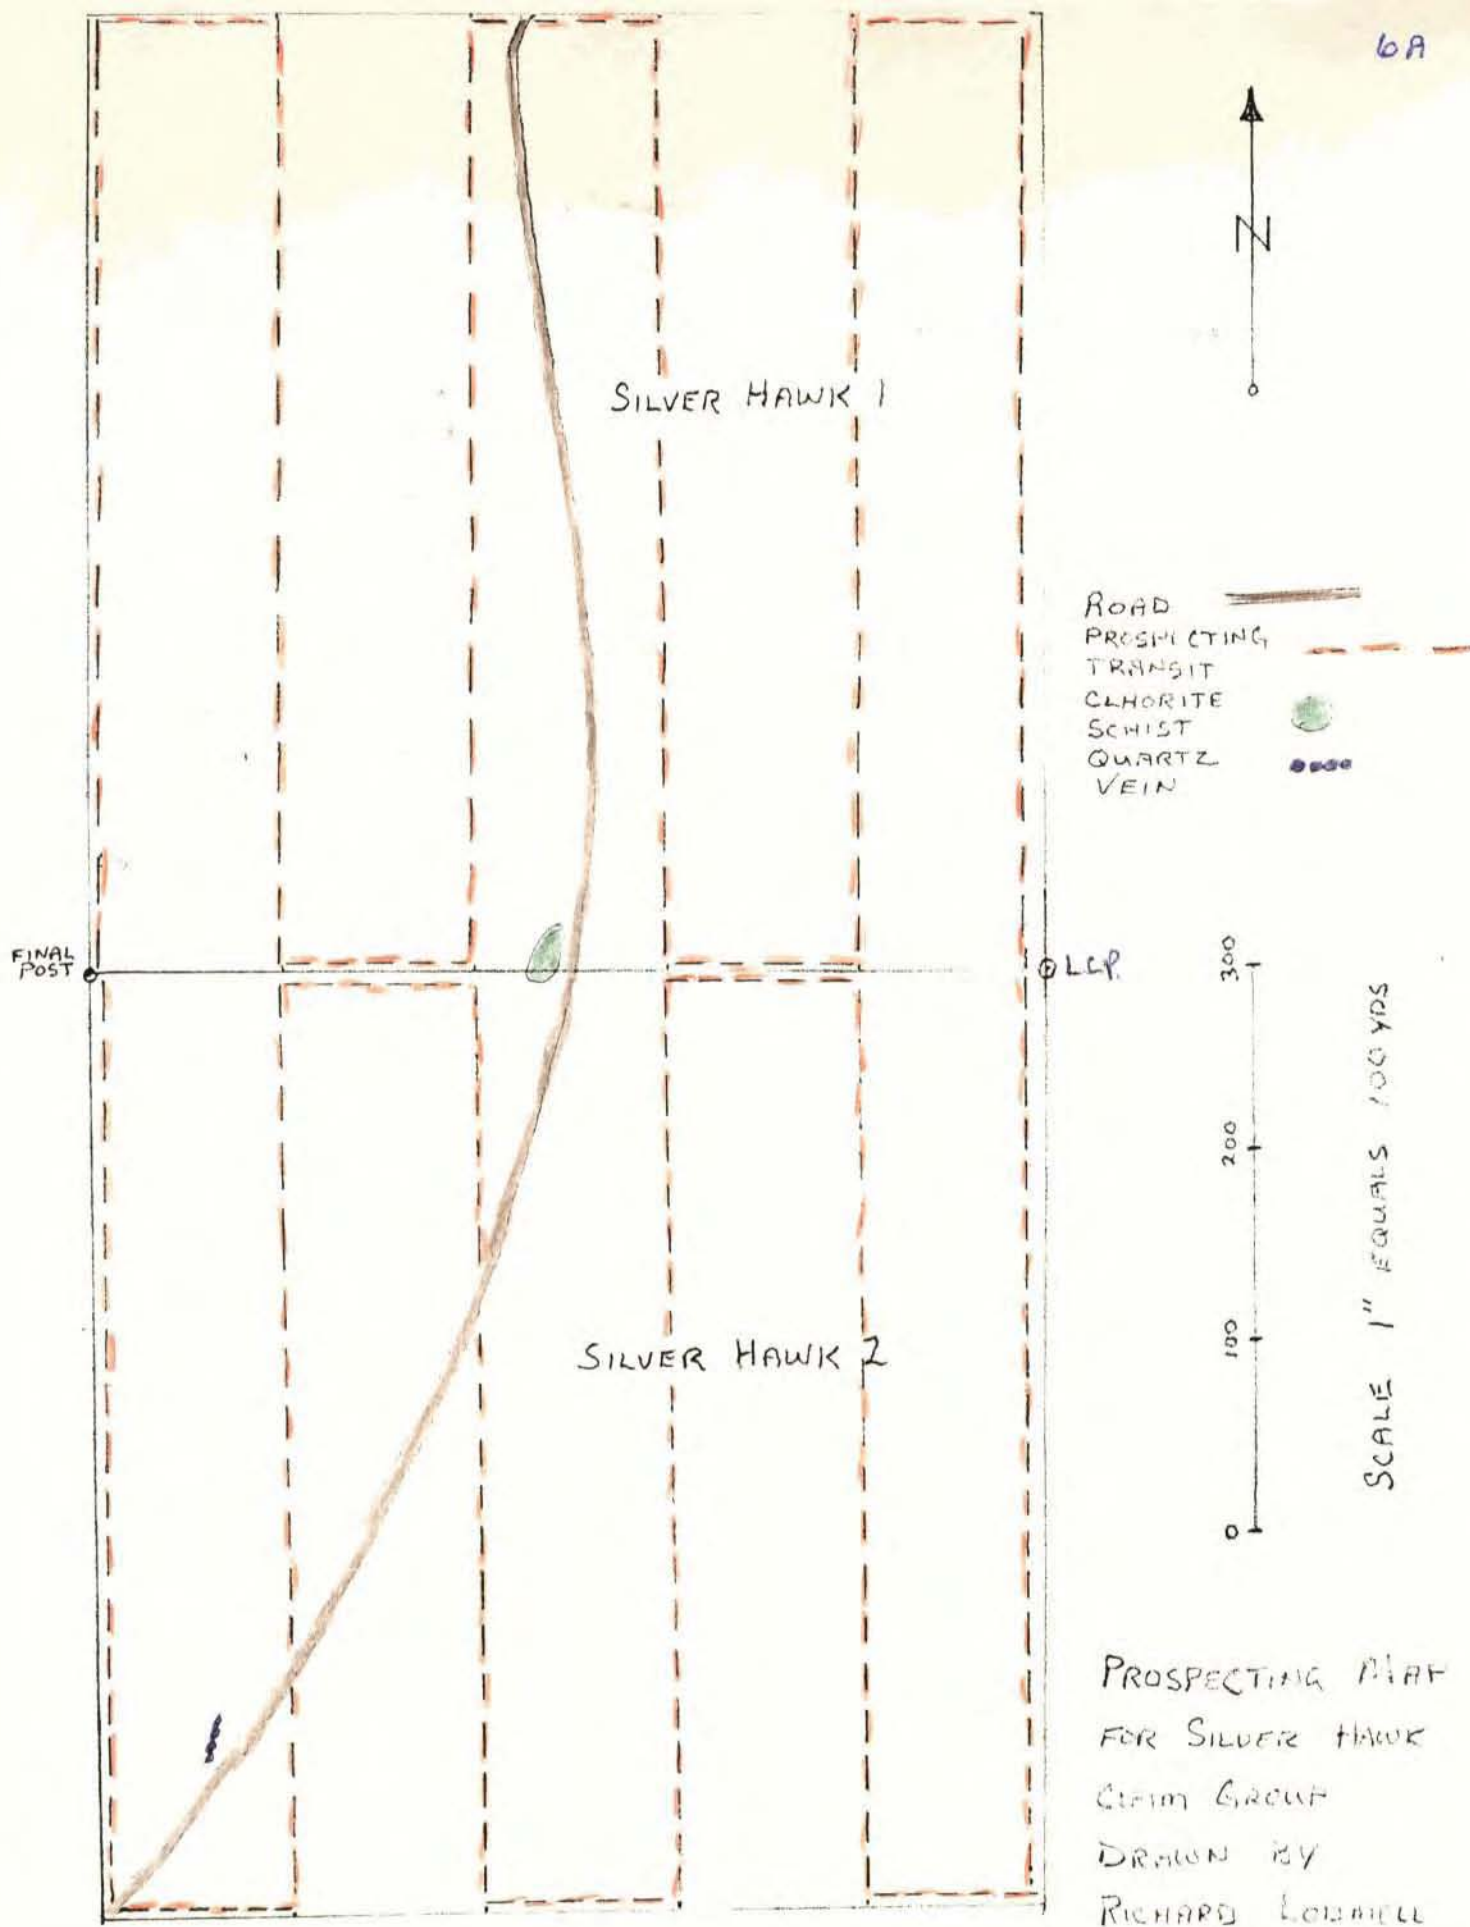

The area is heavily forested, predominantly with Fir, Spruce and Balsam with areas of thick underbrush on the west half of the claim. The east half of the claim has been logged and has underbrush and weeds growing.

WORK DONE

During June 18th and 21st of 1983 I prospected the Silver Hawk Claims. The first day I took the northern claim and methodically walked a grid like pattern in search of in place mineralization, on the second day I repeated this procedure on the southern half of the claim group.

Although interesting float rock was found my in place discoveries were limited to two areas that were exposed by the road cut. One area in the center of the claim group has an outcropping of Chlorite Schist saturated with Pyrite the other area is located in the southern part of the claim group has a Quartz vein carrying Pyrite and Limonite.

My future exploration plans for the claim group is to take the strike of these showings and cross trench with explosives at a distance from the road. The assay results from the cross trenching will determine future exploration.

ITEMIZED COST STATEMENTFOR PROSPECTING THE SILVER HAWK CLAIM GROUP

1. FIELD SERVICES

Richard Lodmell, Certified Professional

Prospector - 2 days at \$125.00 per day \$ 250.00

2. EXPENSES

Food and accommodation

\$30.00 per day for two days 60.00

Truck usage at \$25.00 per day
for two days 50.003. REPORT PREPARATION

Richard Lodmell, 1 day at \$125.00

per day 125.00

Stationary, typing and reproduction 25.00

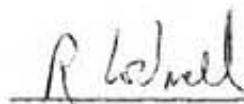

TOTAL COST \$ 510.00

AUTHOR'S QUALIFICATIONS

I, RICHARD LODMELL, CERTIFY:

That I am active in mineral exploration and have completed 180 hours of instruction in mineral exploration for prospectors and have a statement of course completion from Malaspina College, British Columbia.

Signed

A handwritten signature in dark ink, appearing to read 'R. Lodmell', written over a horizontal line.
