INTRODUCTION

Narrows I and Narrows II are comprised of 7 units located in the Egmont, B.C. area. Location on claim map No. 92G. 13W. Attached claim map exhibit No. 1.

Purpose of this report is to outline assessment work carried out in the 1984/85 Calendar year.

CLAIMS

Narrows I (6 units) Record No. 1378
Narrows II (1 unit) Record No. 1379

Above claims grouped March 28, 1984.

All seven units are registered in the name of D. Schindelhauer.

WORK PROGRAMME CARRIED OUT

- 1) Re-established baseline flagging. Some flagging vandalized. Total 1000m. Flagging every 25 m.
- 2) Soil sampling carried out at 25m intervals. Total distance covered 1000 m. (see mapping exhibit II)
- 3) Carried out magnetometer survey over 1000 m. distance of baseline- (exhibit 4)
 Instrument used was Scintrex model MP-12.
- 4) All chemical assay work was carried out by Rossbacher laboratories Ltd. in North Vancouver. Copies of results as per Exhibit II and attached assay sheets.
 Standard atomic absorption techniques were used for all analyses.

STATEMENT OF QUALIFICATIONS

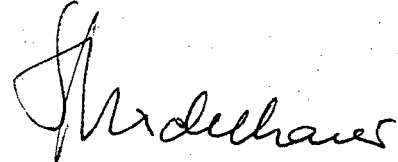

I, D. Schindelhauer, certify that I have been employed by Chalice Mining for the past three years and have been involved extensively in field work under the direction of Dr. T. Groves, P.Eng. (B.C.), and D.R. MacQuarrie, B.Sc.

This work involved supervising a programme of geology geophysics and geochemistry.

This report is based on information and on field work carried out by myself and under my direct supervision.

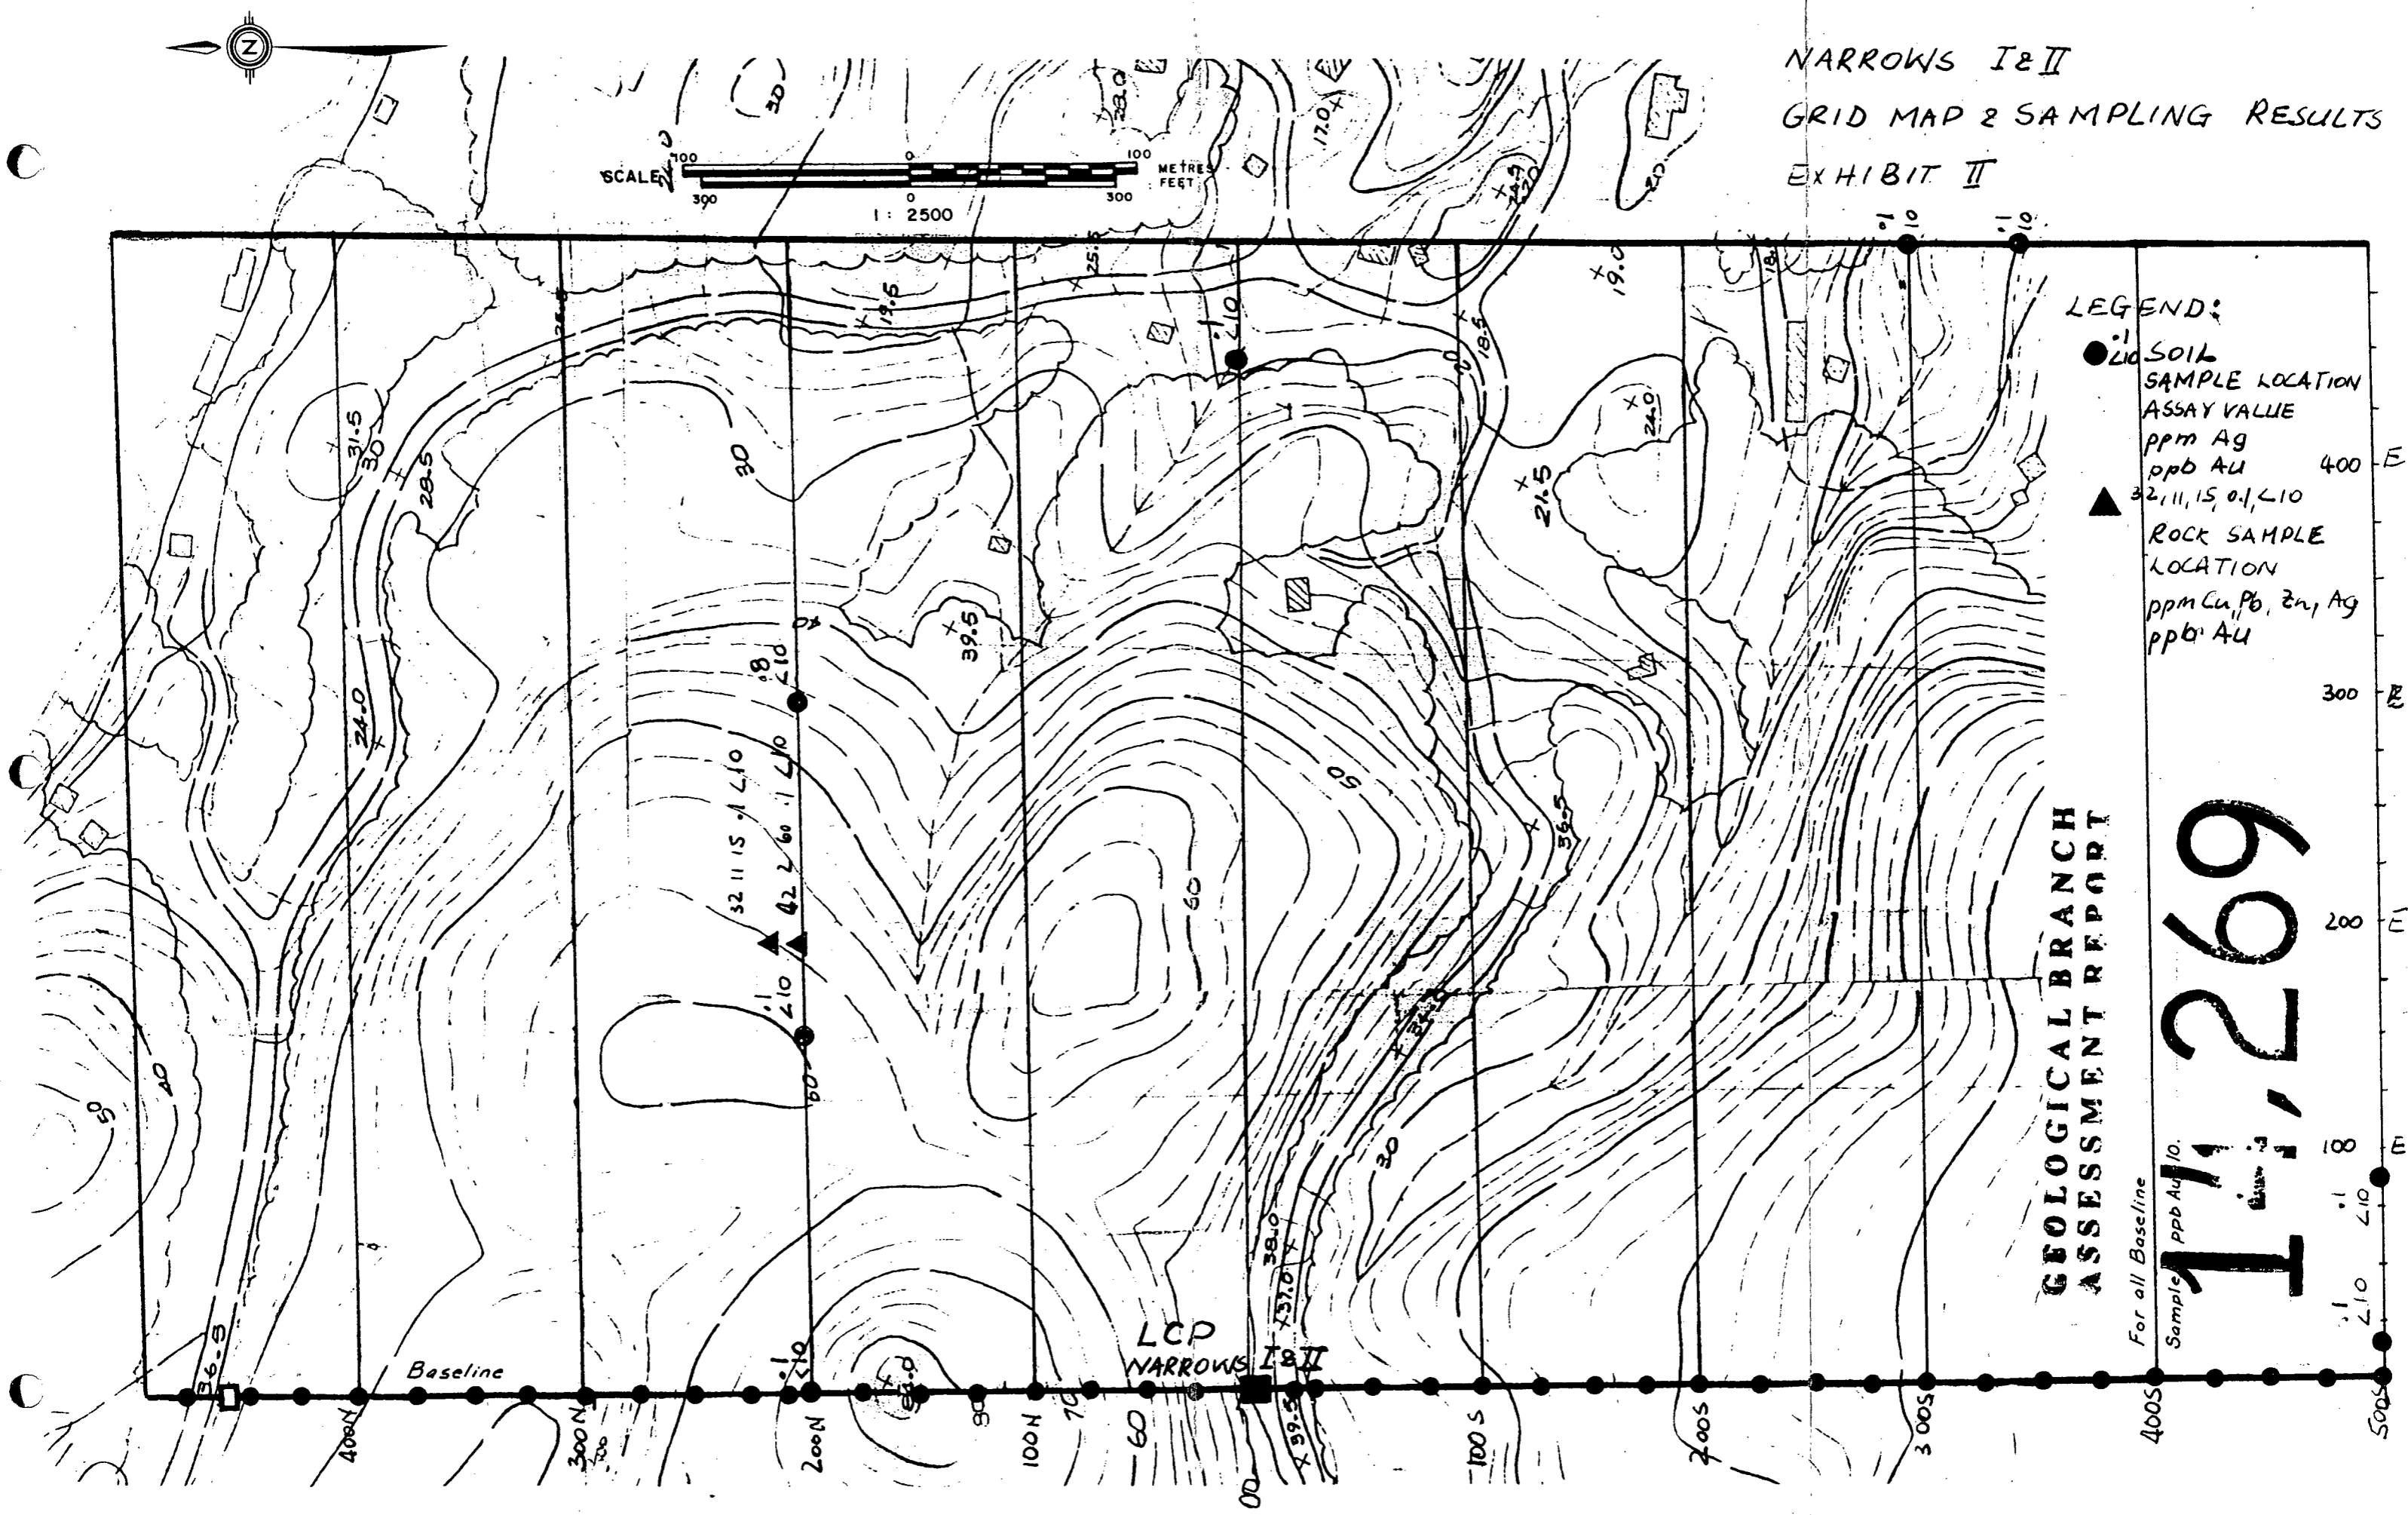

I am presently President of CHALICE MINING INC.

dated at Vancouver, June 18/85
