SUMMARY:

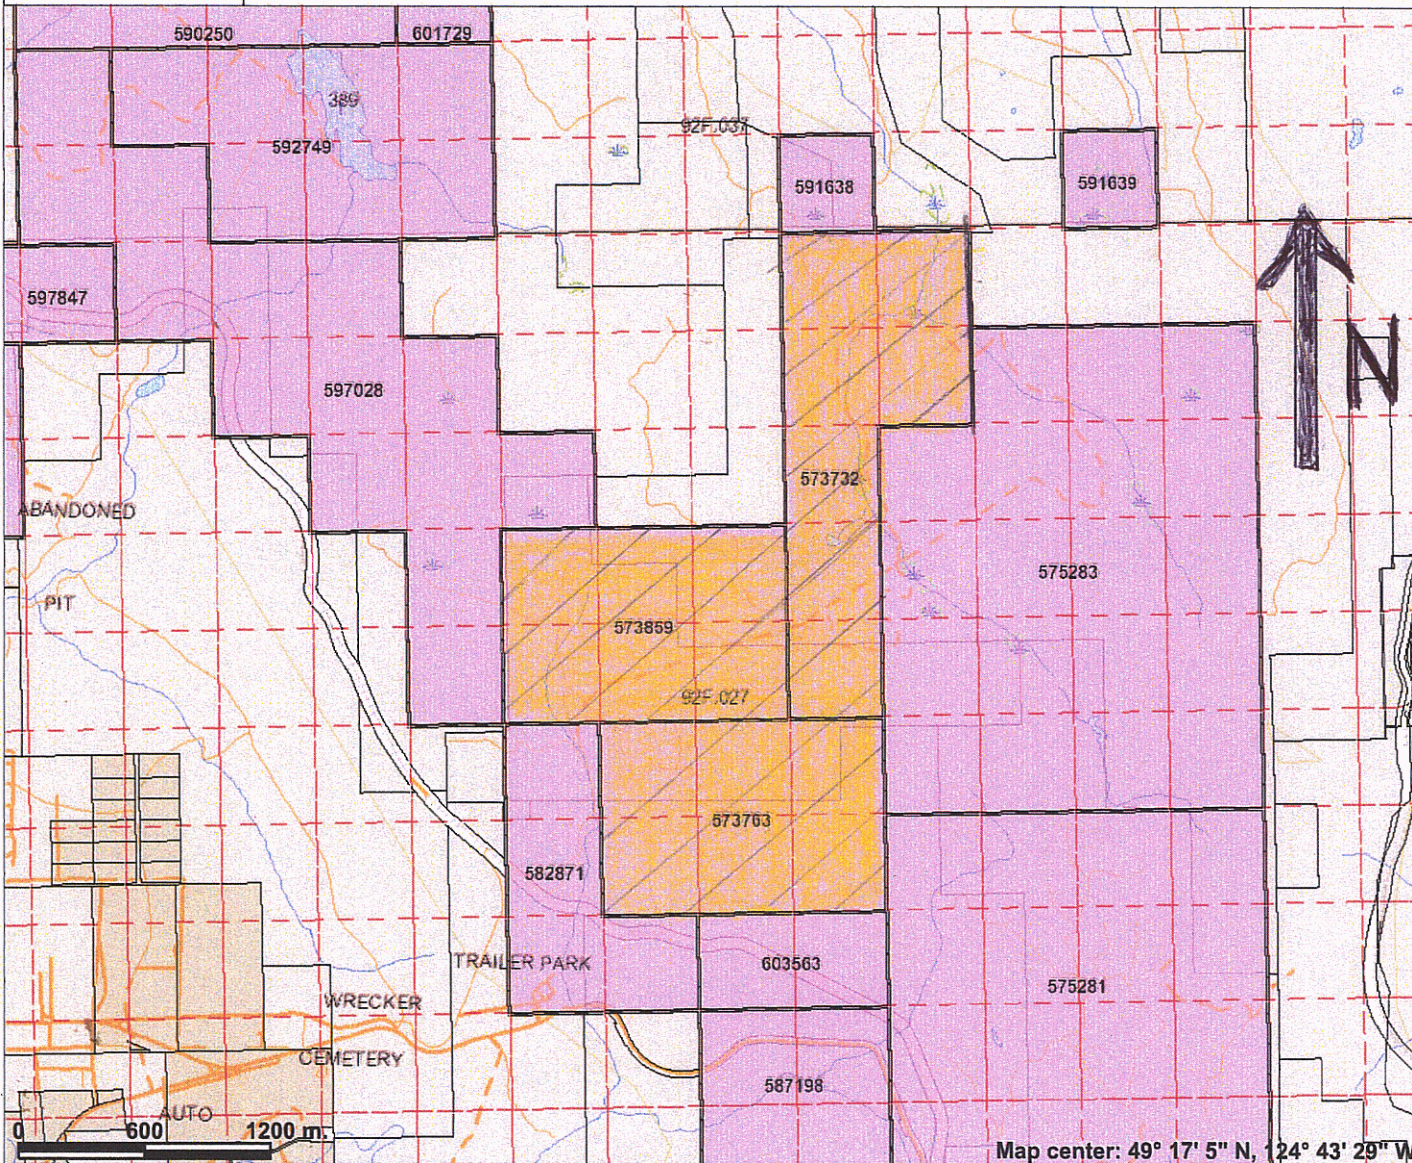

The claims tenure numbers...573859, 573732, 573763. Totaling 19 units 400.33 Hectures cover the north most end of the Paleozoic Cowichan Lake-Horne Lake Uplift area. This uplift the largest of the 3 major uplifts on the Vancouver Island, comprises of Sicker Group volcanics and sedimentary rocks. The other two uplifts are the Buttle Lake Uplift (which contains the Western Mines Buttle Lake ore bodies), and Nanoose Uplift near Naniamo. The Cowichan -Horne Lake Uplift, which extends from Horne Lake to Saltspring Island,also contains a number of past producing mines,mainly in Mount Sicker area,and the China Creek -Mount McQuillan area south of Port Alberni. Typically the ore bodies are the massive volcanogenic sulphide type, which may carry considerable gold and silver. In Mt. McQuillan-China Creek area vein type deposits of gold and silver,associated with copper -lead- zink,are also common and some were past producers.

Although no economic deposits of either type have so far been found in the above claim groups area, several taconite type iron showings plus some magnetic anomalies were known here previously. There were also some geochemical Total Heavy Metal (Cu & Pb & Zn), anomalies located in the 1960's by Gunnex,and a few small copper occurrences on the property. Limestones, chert sediments, argillite and volcanics of Sicker Group correlated by Muller(of G.S.C.) with Buttle Lake, Myra and Nitinat Formations,are found in the area of the claim group.

It is concluded that the claims warrant more exploration, both for base and precious metals, and a follow-up program was recommended. The work now consists of following-up of soil sampling and tightening of soil anomalies.

53

Enviroment.....

The area is situated between west end of Horne Lake and the Alberni Highway (Highway 4), within 3-8 km NE of Port Alberni and within similar distance west of Cameron Lake. It can be also accessed from the junction of Coombs Candy. There is also an entrance at Loon Lake.

This area is heavily wooded in the second growth timber. It has been surveyed and timber-cruised. New roads have been mapped and stations placed for preparation for logging in the near future.

This can be seen on Timber West map which was formerly M&B, in the grid area. A thick caopy of timber prevents some GPS readings at this time, except were openings allow readings.

A reading of the grid area can be seen on page 8, line 2 . These readings are 49 17'9"N -124 44'4" W

Geology from Muller, GSC, 1980.

Procedure...

The geology of the grided and surrounding area appears to have several different ages and types. There is the chert and taconite iron formations and particularly Myra Formation which consists of limestone and chert. The karmutsun volcanics is also present in the area.

There is a strong vein that runs in a NW SE direction That appears to be of the same nature as the carbonate veins(ankerite) at Mineral Creek, this vein is outcropping for some 300 mts or more. It can be seen crossing the road in the grid area. It is approximately 65 feet or more. This was the subject of the grid over this area. Some 60 samples were collected and 26 were sent in for analysis.(ME-ICP41)in soils. These samples were collected in the B zone, depth ranged between 6 inches and 12 inches.

A total of 10 lines, 250 mts long, were run in a NWSE direction. The samples were done in 25 mts spacings where accessible. Collected in plastic zip-lock bags. These lines were run with hip-chain and ribbon and stakes because of logging in the area.

Some of these samples appear to be anomalies for gold and silver as shown by the highs in soil. Ag, Au, CU, Zn were done in PPM, and coincides with past highs done by past sampling in the area. Many samples were not possible because of swamping and rock outcrops. This area will be mapped and prospected with an extension of the grided area and spot checked in favorable geology as a carry for precious and base metals. All samples not assayed are in storage for future assaying if warranted.

			\$0.00	\$0.00	
				\$990.00	\$990.00
Office Studies	List Personnel (note - Office only, do not include field days)				
Literature search			\$0.00	\$0.00	
Database compilation			\$0.00	\$0.00	
Computer modelling			\$0.00	\$0.00	
Reprocessing of data			\$0.00	\$0.00	
General research			\$0.00	\$0.00	
Report preparation	Paulette Saulnier	6.0	\$20.00	\$120.00	
Other (specify)					
				\$120.00	\$120.00
Airborne Exploration Surveys	Line Kilometres / Enter total invoiced amount				
Aeromagnetics			\$0.00	\$0.00	
Radiometrics			\$0.00	\$0.00	
Electromagnetics			\$0.00	\$0.00	
Gravity			\$0.00	\$0.00	
Digital terrain modelling			\$0.00	\$0.00	
Other (specify)			\$0.00	\$0.00	
				\$0.00	\$0.00
Remote Sensing	Area in Hectares / Enter total invoiced amount or list personnel				
Aerial photography			\$0.00	\$0.00	
LANDSAT			\$0.00	\$0.00	
Other (specify)			\$0.00	\$0.00	
				\$0.00	\$0.00
Ground Exploration Surveys	Area in Hectares/List Personnel				
Geological mapping					
Regional					
Reconnaissance					
Prospect					
Underground	Define by length and width				
Trenches	Define by length and width			\$0.00	\$0.00
Ground geophysics	Line Kilometres / Enter total amount invoiced list personnel				
Radiometrics					
Magnetics					
Gravity					
Digital terrain modelling					
Electromagnetics	<i>note: expenditures for your crew in the field</i>				
SP/AP/EP	<i>should be captured above in Personnel</i>				
IP	<i>field expenditures above</i>				
AMT/CSAMT					
Resistivity					
Complex resistivity					

Seismic reflection					
Seismic refraction					
Well logging	Define by total length				
Geophysical interpretation					
Petrophysics					
Other (specify)					
				\$0.00	\$0.00
Geochemical Surveying	Number of Samples	No.	Rate	Subtotal	
Drill (cuttings, core, etc.)			\$0.00	\$0.00	
Stream sediment			\$0.00	\$0.00	
Soil	<i>soils</i>	26.0	\$0.00	\$712.17	
Rock	<i>laboratory costs</i>		\$0.00	\$0.00	
Water			\$0.00	\$0.00	
Biogeochemistry			\$0.00	\$0.00	
Whole rock			\$0.00	\$0.00	
Petrology			\$0.00	\$0.00	
Other (specify)			\$0.00	\$0.00	
				\$712.17	\$712.17
Drilling	No. of Holes, Size of Core and Metres	No.	Rate	Subtotal	
Diamond			\$0.00	\$0.00	
Reverse circulation (RC)			\$0.00	\$0.00	
Rotary air blast (RAB)			\$0.00	\$0.00	
Other (specify)			\$0.00	\$0.00	
				\$0.00	\$0.00
Other Operations	Clarify	No.	Rate	Subtotal	
Trenching			\$0.00	\$0.00	
Bulk sampling			\$0.00	\$0.00	
Underground development			\$0.00	\$0.00	
Other (specify)			\$0.00	\$0.00	
				\$0.00	\$0.00
Reclamation	Clarify	No.	Rate	Subtotal	
After drilling			\$0.00	\$0.00	
Monitoring			\$0.00	\$0.00	
Other (specify)			\$0.00	\$0.00	
				\$0.00	\$0.00
Transportation		No.	Rate	Subtotal	
Airfare			\$0.00	\$0.00	
Taxi			\$0.00	\$0.00	
truck rental	4X4 Truck	4.00	\$50.00	\$200.00	
kilometers			\$0.00	\$0.00	
ATV			\$0.00	\$0.00	
fuel			\$0.00	\$0.00	
Helicopter (hours)			\$0.00	\$0.00	
Fuel (litres/hour)			\$0.00	\$0.00	
Other	tab and flagging			\$30.00	
				\$230.00	\$230.00
Accommodation & Food	Rates per day				
Hotel			\$0.00	\$0.00	
Camp			\$0.00	\$0.00	
Meals	day rate or actual costs-specify		\$0.00	\$0.00	

				\$0.00	\$0.00
Miscellaneous					
Telephone			\$0.00	\$0.00	
Other (Specify)					
				\$0.00	\$0.00
Equipment Rentals					
Field Gear (Specify)			\$0.00	\$0.00	
Other (Specify)					
				\$0.00	\$0.00
Freight, rock samples					
			\$0.00	\$0.00	
			\$0.00	\$0.00	
				\$0.00	\$0.00
